

**Errata for the 2017 CSW Study Guide:**

On page 129, in table 9-8 (Languedoc-Roussillon Appellations), the "dot" should be under the heading of "Sparkling" (rather than "Red.)

On page 136 of the CSW 2017 study guide, in the last paragraph on the left-hand side, in the second sentence, it reads "Corvina is considered to be the quality grape of the four," - this should read "the quality grape of the *three*."

On page 269 of the CSW 2107 study guide, in the first paragraph under the heading "History" - it notes that the Daizenji Temple is located in the present-day Fukuoka Prefecture; this should read "the present-day Yamanashi Prefecture."
